

## Installation

### *Do you have the tools and products you need to install a Kahrs or Linnea floor?*

Never start a job unprepared! Each installation method requires different tools and products. Use the chart below to be sure you are fully prepared to begin your installation. For your convenience, product codes (SKU's) are listed next to each Kahrs product name. Where appropriate, square footage and other important information is included as well.

<b>KAHRS PRODUCT KEY</b> (LISTED BY INSTALLATION METHOD)
