

Dry Back Stone Collection

STEELE DRY BACK 0.55 MM

Our Luxury Tiles Dry Back collection is available in a wide selection of stone designs, spanning from classic stone to concrete. The Dry Back floors, with a 0.55 mm wear layer, are based on virgin vinyl and constructed in five different layers, topped by a ceramic coating. The result is extremely resilient and strong floors resistant to both scratching and water, which means that these floors are suitable even for spaces exposed to heavy traffic. Just like all our other Luxury Tiles floors, they are phthalate-free.

PRODUCT DETAILS

		Installation method	Glue-down
