KÄHRS SATIN OIL 1,0 L

MAINTENANCE OIL

Kährs Satin Oil is a hardening urethane oil for maintaining wood and parquet floors. Satin Oil gives the floor a protective oil layer with a beautiful shine. Satin Oil protects by penetrating the floor surface.

AFTER INSTALLATION

Kährs oil finished floors should be given a supplementary surface treatment with Kährs Satin Oil. The main reason for this is to prevent water penetrating the joints between boards through capillary action.

MAINTENANCE ON DEMAND

How often the floor then needs maintaining depends on use, cleaning, exposure to sun light etc. The normal frequency of subsequent maintenance is at least twice a year.

Protect and enhance the natural beauty of your wood floors with Kährs Satin Oil – a high-quality, hardening urethane maintenance oil designed to nourish and revive oiled surfaces. Its premium formula penetrates deep into the wood, restoring rich tones while creating a durable, protective finish with an elegant satin sheen. Ideal for both maintenance and renovation, it helps reduce the appearance of wear and minor scratches while improving resistance to dirt and moisture. The result is a smooth, natural feel that highlights the unique character and grain of the wood. Suitable for professionals and experienced DIY users, it's a refined way to keep your floors looking fresh, protected, and beautifully maintained.

Product details

Article Number	710553
Surface Treatment	Oil
Name	KÄHRS SATIN OIL 1,0 L
EAN Code	7393969218900
	Maintenance
Height	230 mm
Length	85 mm
Width	85 mm
