

CHEVRON WHITE

Chevron boards are partially hand-made, giving a unique appearance to every board. Therefore, the tolerance of bevel precision has an allowance of 3 mm for a maximum of three lamellas in a row between a left & right board. Chevron White is a creamy, warm white floor with occasional knots, cracks and fillings. This is a frame board which is supplied in form of a plank, it can be used to create a boarder around the Chevron patterned design. This product requires an, after installation, maintenance treatment using Kährs Satin Oil Matt.
