DETAILED DESCRIPTION

All naturally occuring wood colour variations allowed, from light to dark brown. The product includes large sound and black knots and cracks. Knots and cracks will be present in all sizes and numbers.

Oil: This floor should be oiled immediately after installation.

Colour change: The smoked finish accentuates the natural color variations, creating a stronger contrast between light and dark tones initially. Over time, the color variations will soften, resulting in a more uniform overall appearance. The oiled surface will develop a natural patina.

Packages may contain start and stop boards.
