KÄHRS LT ACOUSTIC UNDERLAY 2MM

This acoustic underlay was designed specifically for the installation (with single-sided fixation) under LVT floors to reduce impact sound and walking noise. Permanently elastic underlay material made of mineral fillers and polyurethane binders, this acoustic underlay was designed specifically for the installation (with single-sided fixation) under LVT floors with the scope to reduce impact sound and walking noise.

- Strong resistance to pressure and very good dimensional stability
- High water vapor resistance
- Improvement of the walking comfort (absorbing characteristics)
- Excellent compression strength
- High Reduction of impact sound
- Excellent long-term walking sound reduction
- Special self-adhesive surface for efficient installations
- Suitable for underfloor heating, least possible thermal resistance
- Age resistance > 50 years
- Immediately walk-on-able
- Removable extreme time-saving and residue-free
- 100 % recyclable, odor and dust free

TECHNICAL DATA

- Material: PU + mineral fillers + castor oil
- Type of format: roll 1 x 8m
- Thickness: 2 mm
- Impact Sound IS: 16 ± 2Db
- Reflected walking sound: up to 7%
- Compressive strength CS: 450 kPa
- Compressive creep CC: 50 kPa
- Punctual conformability PC : 0,79 mm
- Thermal resistance TR: 0.01 m2K/W
- Water vapor resistance SD: 75 m
- Residual indentation: <0.20 mm
- Reaction to fire: Bfl-s1

Product details

Article Number	710192	
Name	KÄHRS LT ACOUSTIC UNDERLAY 2MM	
EAN Code	7393969305112	
Application area	Residential/Commercial	
Accessory type	Installation	www.kahrs.com ©Kährs 2025-09-05
Weight per Package	16 kg	1 (2)
