

OAK PRAGUE

The grey notes in this single-strip floor from the Capital Collection are balanced by an even color variation between planks. Only the finest quality oak timber is used, and each board is brushed to bring out the character of the grain and highlight the natural texture of the wood. The light-absorbing, ultra-matt lacquer finish creates the impression of a newly sawn timber, effectively eliminating glare while protecting the wood from daily wear. Four-sided micro-beveling at the edges ensures a classic, full plank look and feel.
