

## **ULTAR CLS 457**

\*Special Order\* The Kährs Luxury Tiles Click floors has been designed for home and public environments that require floors with adhesive-free installation that are both beautiful and tough. They come in a variety of wood and stone designs. Maximum durability and stability is achieved through the rigid core and the unique 5G locking technology, enabling easy installation by clicking the tiles together. The Click floors are made from virgin vinyl with a rigid core. All floors in the collection have IXPE sound reducing backing, effectively controlling noise. The surface is treated with a strong ceramic coating resistant to wear and tear, scratching and water. They can be installed on an existing floor, making the Click floors ideal to use in renovation projects or when you want to retain the existing floor. Just like all our other Luxury Tiles floors, they are phthalate-free.

PRODUCT DETAILS			TECHN
Product type / Construction	Vinyl Flooring /	Click SPC LVT	Therma
Article Number / EAN Code	LTCLS3101-457	7 / 7393969113236	Residua
Design	Tile Design		<u> </u>
Width x Length x Thickness	18 x 36 x 1/4"		Dimens
Weight per package / per	54.5 lbs / 21.7 l	bs	Colour
m2			Slip res
Area per package / per	27 sqft / 1080.7	' sqft	Slip res
pallet			Statical
Joint	Click5G		propen
Installation method	Floating		Scratch
Floor heating	Yes		Chemic
Wear leayer thickness	0"		Effect o
TECHNICAL PROPERTIES			Resista
Application	EN ISO 10874	23/33/42	fungi
Effect of furniture leg	EN ISO 16581	No visible damage/Change	– Impact
Emission of formaldehyde		E1	
Reaction To Fire	EN13501-1	Bfl-s1	— Comm
Formaldehyde Emission	EN717-1	E1	- classific
