

Sensation Collection

Kährs new luxury tiles premium design collection

Sensation Collection

In the heart of Kährs commitment to redefining luxury and sustainability, we proudly unveil the Sensation Collection.

Introducing the Sensation Collection, Kährs' latest offering in luxury tiles, meticulously designed to engage and delight the senses.

This collection is available in three sophisticated formats: Plank, Herringbone, and Chevron.

Each format is presented in five carefully curated colors, ranging from light to dark, all featuring an exquisite Ultra-matte coating. The colour palette includes: Illusion, Fusion, Perception, Vision, and Intention.

Each format comes with a 0.7mm wear layer and this allows us to create a deep brushed surface finish just like real wood.

5 colours in 3 different formats

Enjoy the beauty of high design variation with minimal repetition ensuring each Plank stands out unique. Set your space apart with our contemporary formats and exclusive designs, where the Sensation collection gives you the freedom to design your perfect home interior.

The EIR embossing technology delivers an ultra-realistic texture, bringing depth and authenticity to every Plank, for a stunning real wood appearance.

Enjoy the elegance of Herringbone and Chevron patterns where the single-pack solution eliminates the need for A and B Planks, simplifying installation while maintaining a classic look.

Additionally, you can match your Herringbone or Chevron Sensation floor with same color Plank options, where we have designed the Plank to not only feel like real wood, but to look like real wood regarding the large size format.

Sustainability aspects

We believe that your home is sacred, and that's why we design floors for your family and your pets, ensuring that our floors are fully tested to support healthy indoor air quality. Each product within Sensation has its own Product Passport* offering you transparency along with tips on how to recycle responsibly.

Transparency

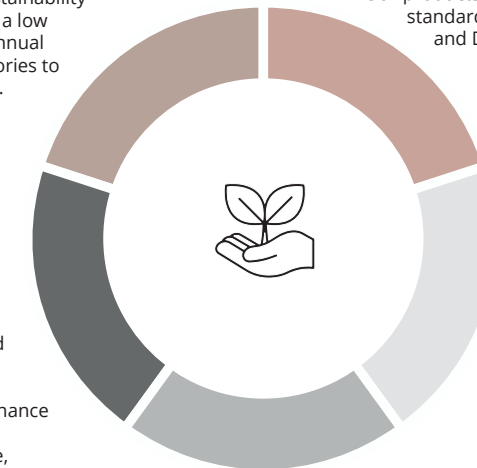

The Kährs Sensation Collection champions transparency with a Digital Product Passport, offering full ingredient disclosure and automatic regulatory compliance screening, along with product-specific and localized Environmental Product Declarations (EPDs). Our commitment to sustainability includes low emissions, a low carbon footprint, and annual social audits in our factories to ensure ethical practices.

Low emissions & low carbon footprint

The Kährs Sensation Collection meets the highest standards for low emissions with Eurofins IACG Gold, TÜV ProfiCert, and FloorScore certifications. Our production process recycles all waste into new flooring, aiming for carbon neutrality by 2040. Our products also meet green building standards like LEED, WELL, BREEAM, and DGNB.

Long Lifetime

The Kährs Sensation Collection offers an exceptionally long lifespan, with luxury vinyl tiles (LVT) designed to last up to 30 years in residential settings. Comprehensive maintenance and repair instructions, accessible via a QR code, ensure extended durability. Choose the Sensation Collection for superior performance and long-lasting elegance.

High Recyclability

The collection offers high recyclability with clickable products featuring 100% recyclable underlayment. They can be recycled up to eight times without quality loss.

Performance

Performance highlights include exceptional acoustic insulation (19dB) and enhanced adhesion for durability.

***PRODUCT PASSPORT:** A product passport is a digital document that provides comprehensive information about a product's ingredients, manufacturing processes, and regulatory compliance. It ensures transparency by disclosing all components and materials used, and it often includes environmental and social impact details, enabling consumers and regulators to make informed decisions.

Illusion

Get on a journey of discovery with *Illusion*, where the boundaries between reality and imagination blur, unveiling a floor that transcends expectations.

Intention has a rich and deep natural oak golden-brown colour with a slight rustic wood look. This design effortlessly creates a comfy and cozy feel.

ILLUSION Plank

ILLUSION Herringbone

ILLUSION Chevron

Fusion

Let *Fusion* ignite your senses, merging timeless beauty with contemporary flair, creating spaces that resonate with harmony and style.

Fusion offers a soft, pale blonde colour with undertones of honey and in combination with the calm, natural wood look creates a flooring design which will give any space a luxurious feel and impression.

FUSION Plank

FUSION Herringbone

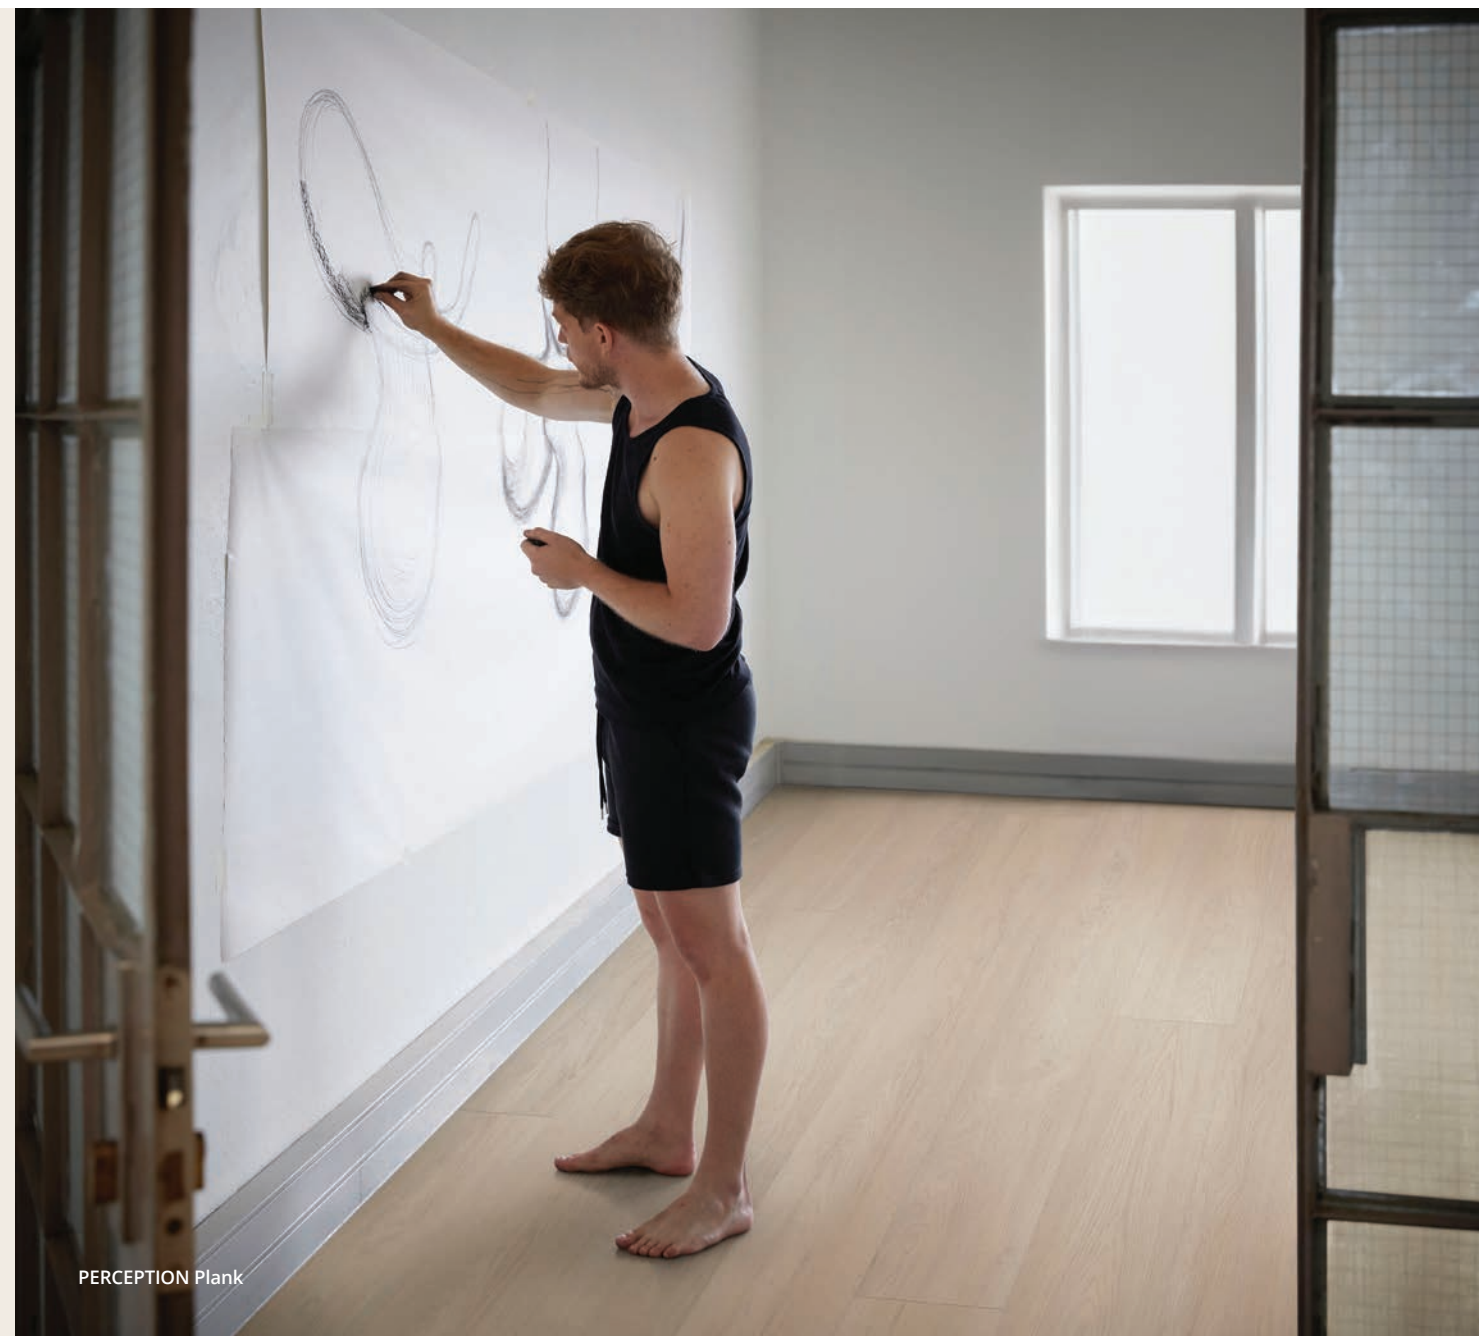

FUSION Chevron

Perception

Embrace *Perception*, where every grain whispers tales of nature's splendor, inviting you to immerse yourself in the essence of luxury. With a creamy, cool, greyish base Perception is inspired by the colouring of its namesake.

The subtle shift in light grey nuances offers a soft variety on par with the clean, and calm wood appearance perfect for setting the basis for a minimalistic interior design.

PERCEPTION Plank

PERCEPTION Chevron

PERCEPTION Herringbone

Vision

What you see is what you get with *Vision*. The clean appearance, with a combination of beige hues, creates the soothing colour of Vision.

Witness the dawn of a new era in flooring design, where each Plank shows a story of craftsmanship and innovation, inspiring awe and admiration. This, and the subtle wood look combines into a floor which will provide a warm and relaxed atmosphere.

VISION Plank

VISION Herringbone

VISION Chevron

Intention

Dare to manifest your tenacity with *Intention*, where each step forward is a declaration of purpose, a commitment to tread lightly upon the Earth. Warm, darker tones in contrast with honey-coloured oak characterizes the colour of Illusion.

Natural features such as knots and cracks emphasize the authentic, slightly rustic look of this floor which will contribute to creating a homely and relaxed interior.

Why choose Kährs Flooring?

ENVIRONMENTAL RESPONSIBILITY

We feel not only is it important for sustainability to be the main pillar to our business, but that we have an environmental responsibility. Choosing a Kährs wood or LVT floor design is a smart choice for the environment, both indoors and for the planet.

QUALITY SINCE 1857

For over 160 years we have been producing our own floors in Sweden, managing all aspects of the quality control, allowing us to offer a market leading Kährs warranty.

SUPPLY

As one of Europe's largest producers of real wood and LVT floor designs, we have over 1,000,000M2 in stock at any time and can deliver how you need us to. All the floors we provide come with matching mouldings and after care products.

SERVICE

Our UK team can support you with design and technical advice, arranging your free samples along with confirming quotes and orders. Better still you can access our stock portal to confirm orders in real time.

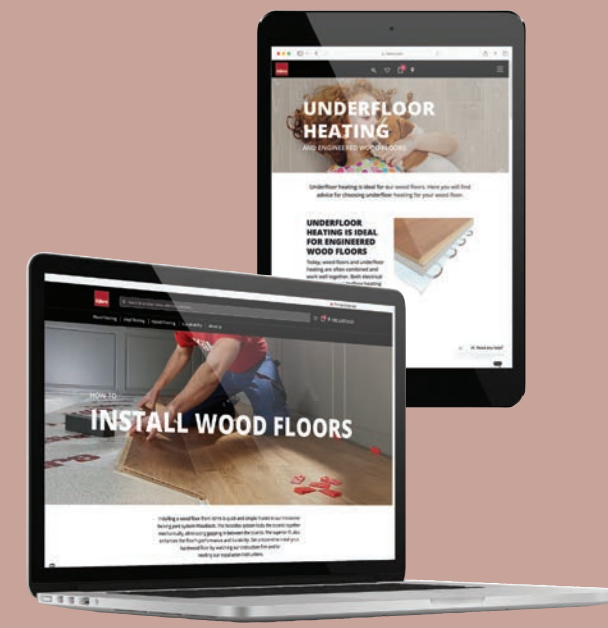

EXPERT ADVICE

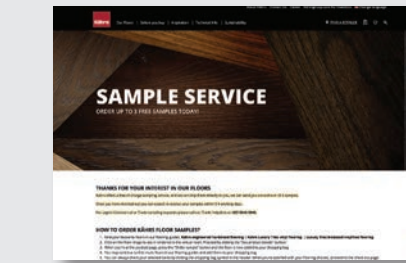

Whatever design or technical advice you may need then Kährs are recognised as industry leaders in providing solutions. Access to installation videos, room visualisers and design tips are a few clicks away.

Everything you need online

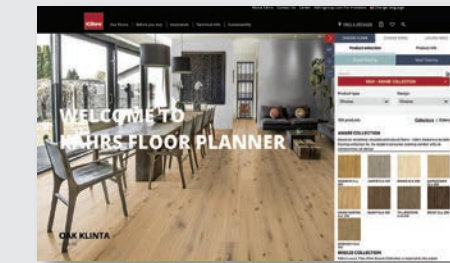

Kährs have a wide range of supporting services and information you can view quickly online.

↑ KAHRS INSTALLATION:

Full installation instructions on how to install our LVT floors can be found online.

↑ CLEANING, MAINTENANCE, AND REPAIR ADVICE FOR OUR LVT FLOORS

We offer full instructions on how to clean, maintain and repair our LVT flooring products.

Our LVT grades and features explained

Kährs have been working with wood for over 160 years, so we more than any flooring supplier understand how to produce LVT to look and feel like real wood.

We take the same pride in designing our LVT flooring as we do our real wood products, offering the same characteristics & options as natural wood floors; grading options, colour variation, brushing, knotting, patterns and XXL sizes.

This guide will allow you to find the ideal floor and understand our LVT features.

WHAT GRADE IS REQUIRED?

Lively & Warm Grades: The Sensation Collection features warm, calming colours and a lively wood grading. The authentic wood design is enhanced by realistic grain, knots and cracks.

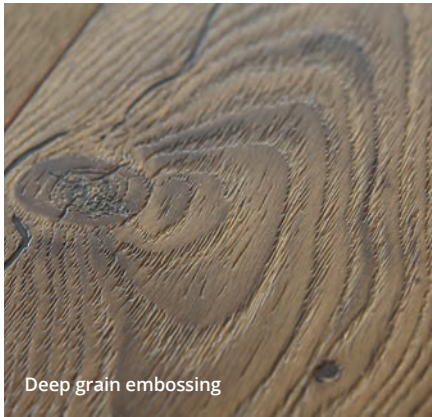

KEY FEATURES ON OUR LVT COLLECTIONS:

Just like real wood, we feel that you should also be able to feel the wood grain and the knots of our LVT products. And just like real wood you should feel that it is soft and warm underfoot.

Below is a guide on some of the features that can be found in the Sensation Collection.

Authentic wood grain via register Embossing

To ensure a LVT product looks and feels like real wood, they must be registered embossed, which can also be referred to as synchrone embossing or EIR: Embossed in-registering. Within our Sensation Collection you will find products that have this special design feature, lifting the graining and knots to replicate real wood.

Pattern & XXL size features

Real wood floors are characterised by traditional parquet, chevron, long lengths, and wide width features. We believe that LVT should also come in these options. Within our Sensation Collection you will find several floors that replicate real wood in size and pattern options.

ACCOUSTIC UNDERLAY:

We believe an LVT floor should feel soft, warm, and quiet underfoot, for that reason our Sensation Collection comes with an attached 19 Decibel IXPE acoustic waterproof underlay, effectively managing noise levels within the home.

ULTRA MATT TREATMENT:

Kährs are one of the first LVT suppliers to offer an Ultra Matt surface design.

CERAMIC COATING:

The majority of LVT products sold in the UK feature a low-quality PU protective coating offering little resistance to dirt and stains. At Kährs all our LVT products have a special ceramic coating similar to a UV cured lacquer, that gives excellent scratch resistance and sealing the surface against stains, chemicals, and dirt. The ceramic coating also gives the surface a matt, durable and very authentic look.

IMPROVING INDOOR AIR QUALITY:

All our LVT products have gained the highest Eco certifications regarding indoor air emissions: ensuring that they are VOC free and support healthy indoor living for home owners and pets.
